ClearOne®

VIEW™ | ANTHOLOGY™
Light Commercial Media Server

ANTHOLOGY simplifies access to audio sources located randomly across a network or anywhere online by automatically finding, indexing and playing Internet radio, music services and network or local audio files. Easily create the perfect atmosphere across your commercial StreamNet™ AV system.

Applications

Hospitality and Entertainment Venues

Retail establishments
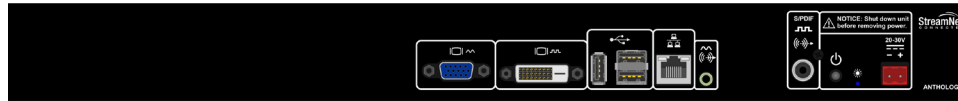

Houses of Worship

iTunes

tunein

Windows Media®

Features

+ Full integration with StreamNet AV distribution system
