1. Introduction

The CAT 5 RS-232 extender is an affordable, hardware-based solution for giving you control of any RS-232 protocol device. With regular RS-232 devices you are limited to an immediate area of control. The CAT5 RS-232 extender extends control to over 250 meters and gives you a tremendous amount of flexibility in how and where you control your devices. The RS-232 extender also provides full duplex transmission and hardware handshake signals, with the need for any complicated set-up procedures.

2. Applications

- System installation.
- Control RS-232 devices from far away.
- System upgrading.

3. Package Contents

- CRS-232 Transmitter.
- CRS-232 Receiver.
- 5V DC power adaptor.
- Operation Manual.

4. System Requirements

- Input PC/laptop equipment, DB 9 female to male cable x 2, CAT 5 cable and output source device.

5. Features

- Extends any compatible RS232 device up to 250 meters from the source to the display.
- Only One CAT 5 cable.
- Perfect for digital signage.
- Simple and easy installation.
- Has a Baud Rate of: 110~921600.
- Data bit: 8bit.

6. Operation Controls and Functions

6.1 TX Front Panel

TX Rear Panel

- ① Connect a PC/laptop's main control system with a DB 9 female to male cable in order to send protocol to the source device.
- ② Connect a CAT 5 cable up to 250M away and link it to the Receiver.
- ③ Connect the 5V DC power adaptor into the unit and plug the adaptor into an AC outlet.

Note: Only one adaptor is needed for both the Transmitter and Receiver.

6.2 RX Front Panel

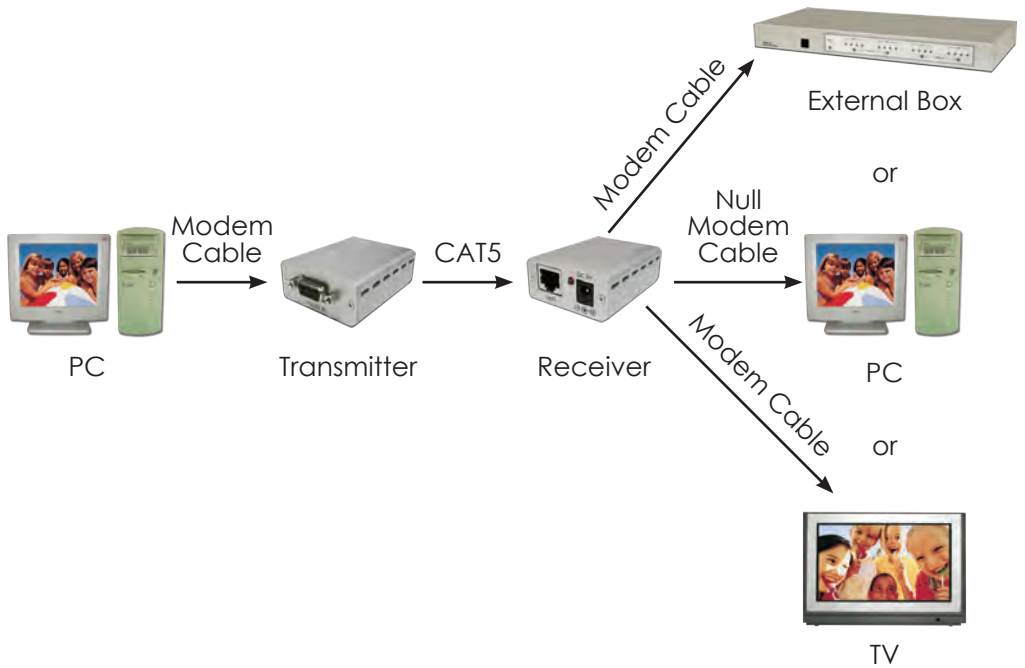

RX Rear Panel

- ① Connect the CAT 5 cable from the Transmitter into the Receivers CAT 5 slot.
- ② Connect the 5V DC power adaptor.
Note: Only one adaptor is needed for both Transmitter and Receiver however, if operating at extreme distances or if no image is displayed then two adaptors will be required.
- ③ Connect to the source device with a DB 9 male to female cable for receiving and communicating with a PC/Laptop.

7. Connection and Installation

8. Specification

Input Port	RS232 D-Sub-9 female CAT 5
Output Port	RS232 D-Sub-9 male CAT 5
Power Supply	5V/1A DC (US/EU standards, CE/FCC/UL certified)
Dimensions (mm)	50(W) x 67(H) x 23(D) / each
Weight (g)	80 / each
Chassis Material	Aluminum
Silkscreen Color	Silver
Operating Temperature	0°C~40°C
Power Consumption	0.5W(Max)
