

The Apart CM608 2-way built-in loudspeaker is "the reference loudspeaker". It can be used with a standard HiFi amplifier and provides you with a Pro HiFi sound.

The loudspeaker has an enforced 6 1/2" woofer and 1" tweeter. It makes the CM608 very suitable for the distribution of Back Ground Music.

The housing is made of high quality ABS. The woofer is made out of polypropylen, what makes it moisture-proof.

The loudspeaker is easy to install, due to its simple, quick mounting system (3 screws which are hidden behind the loudspeakergrill, which gives the loudspeaker a modern and striking design).

The standard colour is white. From 12 pieces on, the loudspeakers can be painted optionally in any other RAL colour (Ref; PAINT-CM).
