

The APart CMAR6-W marine loudspeaker has been designed especially to offer quality sound even in the most difficult, humid and hot conditions. That's why we have combined the best quality components with rigorous engineering specifications. The result is a speaker that offers both durability and a superb sound. Especially for use in yachts, cruise ships or sauna's... CMAR is available in 5 ¼ inch, 6 ½ inch and 8 inch, so that there is always a speaker that exactly fits your needs!

#### Features and benefits:

Superb sound and efficiency, even in humid environments.

Stylish but yet discrete

6 ½" woofer – 1" tweeter

60 Watts program power at 8 Ohm

Your standard for use in all humid conditions

Can be used in temperatures up to 95°C

Plastic chassis, stainless steel grille

Sealing ring included for watertight mounting on flat surfaces.

Especially designed fully plastic basket that protects against vertically dropping liquids.

Stainless steel grille as an absolute guarantee against rust.

8 Ohm voice coil allows connecting up to 2 APart CMAR speakers to a 4 Ohm stable amplifier channel.

#### TECHNICAL SPECIFICATIONS

Shape:	Round
Rated RMS power:	30W
Music power:	60W
Impedance:	8Ohm
Frequency response:	70Hz to 20KHz
SPL 1W/1m in dB:	88dB
Dispersion (at 1kHz, 2kHz, 4kHz, 8kHz in degrees):	180°,180°,90°
HP filter build in:	Yes, HP on tweeter
Woofer size:	6 ½ inch
Tweeter size:	1 inch
Color:	white
Chassis Type:	plastic
Grill material:	Stainless Steel
IP classification:	IP65
Max operating temp:	95°C
Removable grill:	yes
Fixing type:	screws
Cut Out dimensions:	146mm
Outside dimensions:	190mm
Mounting depth:	61mm
Net Weight:	1kg
Gross Weight:	1.3Kg
