

HAZE 400 FT™

The Haze 400 FT™ has an internal, maintenance-free air compressor, a sophisticated haze transfer mechanism and a specially designed liquid tank, together with two haze nozzles. It is capable of producing large volumes of virtually invisible haze. The fine translucence and staying power of the haze is even more remarkable because this hazer has no temperature controls, hot air or warm-up times during operation. Its extremely powerful internal compressor is quiet and very efficient. Onboard DMX offers fully flexible control. Haze 400 FT™ Professional Hazer is an elegant combination of ultimate haze quality from a high capacity, low fluid consumption, silent operating machine as demanded by professionals in all sectors.

Description

- Power: AC 230 V/AC 240 V, 50 Hz or AC 100 V/AC 120 V/60 Hz optionally
- Output: 2,800 cu.ft/min.
- Fluid Consumption Rate: 16 hr/l
- Tank Capacity: 2.5 liters
- Remote Included: Timer Remote
- Air Pressure: 30 Psi
- Weight: 18.5 kg
- Dimensions (mm): L 500 x W 320 x H 246
- Liquid Used: Professional Haze
