TPS-CP2EPAK-6X

Isys Wireless Control Package w/CP2E

This total control system package features the popular TPS-6X Isys 5.7" Wireless Touchpanel along with the CP2E control system processor. A tabletop docking station, interface module, button and no-button bezels, and battery pack are all included with the TPS-6X. A High Powered RF Gateway, power supply, and (4) IR probes are also provided for a truly complete wireless touchpanel control system solution.
